<mailto:thusharavarghese9@gmail.com>

SUMMARY

Psychology-trained product designer turning complex AI workflows into simple, polished interfaces. Sole designer at an AI-native B2B SaaS startup for 2+ years, from concept to release.

EDUCATION & TRAINING

B.A (Honours) Psychology

IGNOU • 2020- 2023 • Grade: 8

Coursework in cognitive psychology, data analysis, and research methods. Conducted quantitative study on personality traits and eating attitudes with implications for health.

Human-Computer Interaction

Georgia Tech via edX • 2023-2024

Master's-level credited course (CS6750) covering design principles, cognition, culture, ethics, prototyping, evaluation, and agile methods.

Google UX Design Certification

Coursera • 2023-2024

Completed 200+ hours of training and three peer-reviewed projects, developing skills in UX, UI, and interaction design

IBM Design Thinking Practitioner

IBM • Feb 2025

SKILLS

Research: User Interviews · Usability Testing · Heuristic Evaluation · Competitive Audits · Analytics (GA4, Clarity) · Mixed-Methods UXR

Design: Figma · Component-Based Design Systems · User Flows · Wireframing · High-Fidelity UI · Interactive Prototyping · Interaction & Motion · Typography & Hierarchy · Edge & Empty States · Responsive Web · Data-Heavy Dashboards · Accessibility · React & Tailwind

AI: Evaluation & QA Workflows · Explainable AI UX

EXPERIENCE

Product Designer/ Gistly.ai

May 2024 - Present

- Sole designer, working with product and engineering from concept to release
- Designed 120+ screens and 20+ end-to-end flows for an AI-native call-auditing platform used by 6+ companies
- Built a ~50-component design system; prototyped and shipped front-end with AI coding agents
- Redesigned the marketing homepage; key events rose 475% year-over-year

UX/UI Designer/ Paper Toy Studio

November 2023 - April 2024

- Conducted foundational research for a social app for young adults.
- Moved concepts from wireframes and low-fidelity flows to high-fidelity designs.
- Worked within Google's Material Design 3 system.
- Designed gamification mechanics, grounded in game theory, to encourage engagement.

Designer & Illustrator/ Freelance

March 2020 - 2025

- Logos, illustration, and brand design for international clients on Etsy and Fiverr.
- Designed and illustrated a 38-page children's book, sold at Waterstones.

PROJECTS

Kite AI & Community

Jan 2025 - August 2025, Remote

Designed an AI platform and community for career changers, working async with a global cross-functional team.

Reflect Android App

August 2025

Built an AI journaling app in 7 days for the Bolt AI hackathon, working with an Android developer.
